Apache/2.4.41 (Ubuntu) Server at m.central.edu Port 443 Are you ready for the GRE? First described by western science in 1782, it was initially categorized as a member of the order Rodentia. Seldom nugatory means rarely inconsequential, which is the opposite of what the passage calls for; remarkably contentious is wrong for the same reason, as that phrase would indicate that the general election is fiercely contested. There is a single correct answer, consisting of one choice for each blank. We pulled these GRE practice questions from our book Cracking the GRE and from our GRE prep course materials. The total number of dogs and cats sold during those two months is 600, which is too large, so eliminate (C), (D), and (E). A high-scoring Argument essay accomplishes these tasks: (1) clearly identifies and insightfully analyzes important features of the argument; (2) develops ideas clearly and logically with smooth transitions; (3) effectively supports the main points of the critique; (4) demonstrates superior facility with the conventions of standard written English. The second blank comes after a couple of transition words.
